Following the Marco Division draft on Dec 3, 2016, with the goal of parity within the division, the Player Personnel Committee and the Commissioner will rate the Gulf Coast players. The Player Personnel Committee and the Commissioner will then meet with the Gulf Coast managers and jointly assign players among the three teams in the Gulf Coast Division.

Substitution within the division will be achieved using players from the team that is idle on that day. Should further substitutes be needed, volunteers from the Island and Marco Divisions will be assigned as pitcher, catcher, or other non-critical defensive positions. These individuals play defense only and do not appear in the batting order.
